2013 ISSUE FOUR

Message from the President

Scott G. Segraves, MD, FACS

Dear Colleagues,

The leaves begin to turn colors in the Northeast. The clocks fall back signaling the end of daylight savings time. New faculty settles in with their respective new jobs. College football is in full swing and the first BCS rankings are published. EAST registration for the Annual Scientific Assembly at the Waldorf Astoria Naples is underway and Dr. Davis and Ms. Eme issue the call for volunteers for 2014 on the

EAST website. Isn't fall and the beginning of winter such a wonderful time?

Let me be the first to invite you all to attend the 2014 EAST Annual Scientific Assembly in Naples as EAST returns to Florida. The Waldorf Astoria is a beautiful venue with easy access to a wonderful swimming area and to warm gulf coast beaches after a short ride through the beautiful mangrove trees. The meeting this year has been shortened by a day with the hopes of the attendees planning to stay to celebrate the success of our Association at the Friday night barbecue. The dinner has been moved to earlier in the day to encourage people participate and support the EAST Foundation's Dodgeball tournament being played on Friday afternoon after a one-year hiatus. Please also attend the business meeting as some of the initiatives resulting from the hard work of the Strategic Planning Committees will be presented to the membership.

I cannot say enough about the hard work your volunteer leaders have continued to provide to the organization this year. The Program committee has outdone itself on the meeting science and overall meeting offerings. David A. Feliciano is the Scott B. Frame lecturer and Grace Rozycki will give the Orien's Award Keynote Address. The Careers in Trauma Committee has put together a strong set of workshop offerings and many committees as well as the Society of Trauma Nurses and the Pediatric Trauma Society have joined forces to provide you with a little bit of everything for the sunrise and plenary sessions. Take a look at the **Assembly brochure** online, I'm sure you'll find something of interest to you as the EAST Board

of Directors and their committees have attempted to get EAST back to its roots of providing leadership and support for the young trauma surgeon.

EAST, however, could not exist without the volunteer members of the organization who give freely of their time to make EAST a strong, vibrant, mentoring, and growing Association. Please revisit the website at **www.east.org** if you have not done so recently. Take a look around the site and see what the organization is doing to assure its continued growth. EAST provides you with the opportunity to participate in a national organization early in your career. EAST can only continue to grow with the participation of its membership. The Strategic Planning initiatives are being implemented to make it easier to participate and advance within EAST.

I look forward to seeing all of you in Naples, and I would like to thank you all for the honor of serving as your President this year.

Take care and enjoy the season!

Scott,

Scott G. Sagraves, MD, FACS
EAST President

**EAST
Mission Statement**

EAST is a scientific organization providing leadership and development for young surgeons active in the care of the injured patient through interdisciplinary collaboration, scholarship, and fellowship.

**EAST
Vision Statement**

EAST seeks to improve care of the injured by providing a forum for the exchange of knowledge in the practice of trauma surgery; to promote trauma prevention, research, and improved trauma systems design; to encourage investigation and teaching of the methods of preventing and treating trauma; and to stimulate future generations of surgeons to meet the challenge.

EAST Foundation Update

By Fred A. Luchette, MD, President, EAST Foundation

During 2013, the Foundation has experienced exciting activity and growth! This has been possible only through support from you, our members, and from our corporate partners with whom

we have formed invaluable relationships.

As many members of the Eastern Association for the Surgery of Trauma (EAST) have made generous contributions to the EAST Foundation, the Foundation is a mere \$4,000 away from achieving a record-setting year in 2013 for new, single year, member contributions! With your help we can make 2013 a record-setting year!

I invite you to join us in making a gift to the EAST Foundation to help fund the future initiatives of EAST. If you have not already made a multi-year pledge or a single year contribution to the Foundation in 2013, an **EAST Foundation Contribution Form** was mailed with your 2014 EAST Membership Dues Invoice. You may contribute to the Foundation by returning this form with a check or credit card information. You may also visit the EAST Foundation's website, and click on the "**Campaign Contribution Form**" or contribute online by clicking on the "**Donate**" button on EAST's homepage. When visiting our webpage, please take a moment to visit the **Member Partner's Honor Roll** that recognizes those members who have contributed this year.

If you have already pledged or donated in 2013, on behalf of the Foundation Board of Trustees, thank you for your generosity and grandiose support. Because the EAST Foundation is a 501c(3) organization, there is an end-of-year tax benefit and all contributions received by December 31, 2013 are tax-deductible.

Contribute by the 27th EAST Annual Scientific Assembly and become eligible for a raffle!

Sponsored by: EAST Foundation

Make a suggested minimum contribution of \$100 between now and the 27th EAST Annual Scientific Assembly and qualify for raffle drawings that will take place during the conference. Donors who contribute more than the \$100 suggested minimum contribution will also be entered into a separate raffle drawing held by the Foundation! To find out more about the raffle, the listing of prizes donated so far, and how to make a contribution, visit the **EAST Foundation's website**. You may also stop by the EAST Foundation table during the EAST

Annual Scientific Assembly to make a donation and qualify for the raffle. You do not need to be present to win a prize.

(Please see Raffle Rules for further instruction regarding raffle entry)

The Foundation is welcoming raffle prize gift donations, if you would like to donate a raffle prize for the drawing, please contact the EAST Foundation at eastfoundation@east.org.

7th Annual Dodgeball Tournament of the EAST Foundation – Calling all Teams!

Sponsored by: Emergency Surgical Staffing, LLC

The 7th Annual Dodgeball Tournament is scheduled for Friday, January 17, 2014, in conjunction with the 27th EAST Annual Scientific Assembly at the Waldorf Astoria Naples in Naples, Florida. The Dodgeball Tournament is a fundraising event for the EAST Foundation and all proceeds are donated to the Foundation. To register your team, please click on the EAST Foundation page within the “**News & Special Events**” section. We would like to thank our official sponsor of this year’s tournament, **Emergency Surgical Staffing, LLC**. We would also like to extend our thanks to the **EAST Injury Control & Violence Prevention Committee** and Dr. Glen Tinkoff and Dr. Erik Barquist for organizing and participating in this special event!

2014 STN - EAST Foundation Nurse Fellow Program Recipient

STN and the EAST Foundation are pleased to announce Sarah L. Mattocks, RN, BSN, a Trauma Program Manager with UPMC Hamot, in Erie, Pennsylvania, as the 2014 STN - EAST Foundation Nurse Fellow Program recipient. The purpose of the program is to provide exposure of trauma nurses at the EAST Annual Scientific Assembly and gain access to key leaders in trauma care. Travel, lodging, and registration fees for the meeting are made possible by donations to the EAST Foundation and the Nurse Fellow Program. Sarah will be assigned a mentor who will assist her in developing a plan for sessions and programs to attend and interviews with leaders. She will write a “news brief” daily that will be sent out electronically and highlight programs and events from the day. Sarah will also compose an editorial that will be run in the Journal of Trauma Nursing following the conference that will summarize her experience and include a call for future Nurse

2014 Brandeis University's Executive Leadership Program in Health Policy and Management Scholarship Application Submission Process – Opening January 2014

The EAST Foundation and American College of Surgeons (ACS) are once again, pleased to announce, a shared scholarship in 2014 open to members in good standing of both the Eastern Association for the Surgery of Trauma (EAST) and ACS. This scholarship supports attendance and participation in the "Executive Leadership Program in Health Policy and Management," which will take place June 8-14, 2014 at Brandeis University, Waltham, Massachusetts. Requirements to apply for the scholarship will be posted on the EAST website at www.east.org. Applications will begin to be accepted after the 1st of January, the deadline for receipt of all application materials will be February 3, 2014. Applicants will be notified of the outcome of the selection committee's decision by March 31, 2014. The EAST Foundation's funding for this scholarship has been made possible by a generous donation from the Dorothy K. Commanday Foundation and Edward Yelon.

If you have any questions or comments regarding our efforts please contact the EAST Foundation at eastfoundation@east.org. I wish you and your family a safe, enjoyable, and festive holiday season and we look forward to seeing you in January at the 27th EAST Annual Scientific Assembly!

Sincerely,

Fred A. Luchette, MD, President, EAST Foundation

EAST Survey Summary

Kimberly A. Davis, MD, MBA, FACS, FCCM EAST President-Elect (2013)

Under the leadership of President Sagraves, and as EAST enters its second quarter century, a strategic planning session was

convened to define a direction for the organization going forward. EAST has long been committed to the development of tomorrow's leaders in the field of trauma, and as we approach our third decade, questions arose regarding relevance of the organization and how to provide added value to its membership. To that end, the Branding Taskforce was created to define the focus of the organization so as to best service its members.

A survey was designed with the help of a consulting organization, to assess the needs of EAST's members. The results of the survey will be presented in detail at the Annual Scientific Assembly in Naples, but I thought a brief preview of the findings would be of interest. The survey results reinforce our focus on the young surgeon, our desire to continuously improve our existing programs, and to create new opportunities. Specifically, you, our membership, placed great importance on collegial interactions, both at and outside of the annual meeting, and on mentorship, and the importance of the continued engagement of our more senior membership.

In the next year, I hope we can work together to strengthen our nascent mentorship program and to continue to identify unique and creative strategies to add value to members. We plan to incorporate suggestions for the Annual Scientific Assembly structure and website design to meet the needs of the membership as we understand them.

Have a wonderful holiday season, and I look forward to the meeting in Naples, where I hope you will continue to share your visions for the future of EAST.
