

TOPIC: Trauma Outcomes & Performance Improvement Course

Saturday, January 15, 2022

7:00 am – 5:00 pm

Presented by the Society of Trauma Nurses - For additional information on this workshop, visit the STN website at www.traumanurses.org

Target Audience: Trauma Program Managers, Performance Improvement Coordinators, Trauma Program Medical and Associate Directors, and Trauma Staff involved in Performance Improvement

Overview: The STN TOPIC course is taught to all members of the trauma system team who participate in the ongoing assessment, evaluation and improvement of trauma care. The Society of Trauma Nurses has developed the "**Trauma Outcomes and Performance Improvement Course**" in response to the need for education and better understanding of the Performance Improvement process in trauma care. TOPIC focuses on the ongoing assessment of the continuum of trauma care with a structured review of process and discussions of strategies to monitor trauma patient outcomes.

The TOPIC course is taught in a one day interactive Modular Format, customized to best meet the needs of the individual trauma care provider participants who have varying levels of experience with trauma performance improvement. The course offers practical application for all Levels of trauma centers, from entry level to mature phase of program development. The Modules are taught with a focus on didactic, operational definitions, sample tool, case study examples and take home points.

Course Size: 50

Course Price: \$400
